

Armchair 'Aluminiumfätölj' model 34-50/200 designed  
by Mats Theselius for Källemo  
Sweden, 1990

Aluminium and birch bark.

Stamped.

From a private Swedish collection.

50 examples of this chair model were made in birch bark,  
and the rest in leather.

This example is marked

one of the fifty made with birch bark.

The Swedish designer Mats Theselius, born 1956, is  
known for his unique and unusual designs that are often  
produced as limited editions. He worked very closely  
with the manufacturer Källemo, who produced almost all  
of his works. He was also a professor of design at  
Gothenburg university between 1995 - 1996.
