

Armchair 'Aluminiumfätölj' model 34-50/200 designed by Mats Theselius for Källemo Sweden, 1990

Aluminium and birch bark.

Stamped.

From a private Swedish collection.

50 examples of this chair model were made in birch bark, and the rest in leather.

This example is marked

one of the fifty made with birch bark.

The Swedish designer Mats Theselius, born 1956, is known for his unique and unusual designs that are often produced as limited editions. He worked very closely with the manufacturer Källemo, who produced almost all of his works. He was also a professor of design at Gothenburg university between 1995 - 1996.
