

Wall cupboard designed by Lars Larsson and Stig Lönnngren for HI-Gruppen, Sweden, 1960s.

Lacquered birch plywood and mirrored glass.

Possibly unique.

Stig Lönnngren (1924-2022) received his carpentry qualifications in 1946. He went on to become an important Swedish interior architect, working with Carl-Axel Acking, Sven Hesselgren, Arne Rudberger, KF arkitektkontor, and, from 1965, with Peter Celsing. Lönnngren was also one of the founders of the HI group -a group of sixteen master craftsmen and interior architects who strove to renew Swedish furniture design

during the first half of the 1960s.
