

Table "Utö" designed by Axel Einar Hjorth for Nordiska Kompaniet, Sweden. 1932.

Solid pine.

H: 47.5 cm/ 1' 6 5/8"

W: 70.5 cm/ 2' 3 6/8"

D: 55.5 cm/ 1' 9 7/8"

This Utö is one of the rarer and earlier models. The tell tale sign is the finish of the bowl, which has no lip around the base. This was added to the later models to make it easier to turn on the lathe during manufacturing.
