Literature: "Axel Salto - Stentøjsmesteren", CLAY
Keramikmuseum Danmark, the model ill. pp. 41 and 99.

Model designed 1946.

The Sung glaze is seen on a large number of Axel Salto works of stoneware for Royal Copenhagen. The Sung

glaze has been used at the factory since 1925. Early Salto saw the strength and beauty of the nature of the Sung glaze, as it with its play of colours enhanced the modelled shapes and structures of the stoneware.
